

Where Kids Love to Learn Music

Student-Centered Learning

QuaverMusic provides a student-centered approach to learning. With a focus on the interests and abilities of all students, we can ensure active and engaged learners.

Engage your students with our fully digital, standards-aligned, Pre-K-8 Music Curriculum

Quaver Creatives provide students with the ability to create, produce, and experiment with music. Our suite of tools allows for active participation, collaboration, and engagement.

Additional Tools Include:

Students can even enter their compositions in contests to showcase their unique abilities.

Quaver Classic Videos is our collection of video adventures featuring Quaver and friends. They can be used to explore the fundamentals of music theory.

Personalized Discovery for Every Student

Individual student accounts provide students with an opportunity to browse through resources and practice the skills they have learned in class.

QuaverStreet: A Seriously Fun World Made Just for Students!

On QuaverStreet, students can:

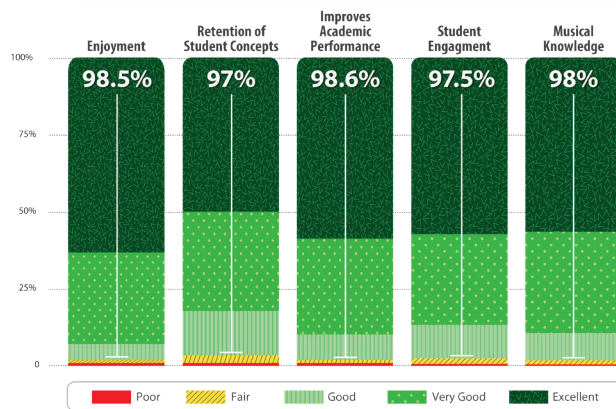

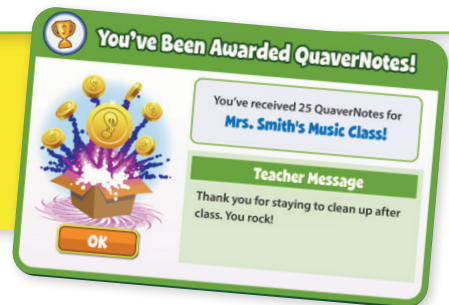

- Customize their music room
- Play Games
- Discover Ear IQ Interactives
- Explore Creatives
- Learn in the Creatives Lab

- Travel back in time to learn about composers and musical periods
- Take virtual field trips and explore musical styles from around the world

Reward students with QuaverNotes! QuaverNotes act as a virtual currency that can be used to purchase items for their Avatar or Music Room on QuaverStreet.

Percentage of ratings that were Excellent, Very Good, or Good

QuaverEd's Student Impact:

Our programs are packed with movement, interactivity, and seriously fun resources. Our music-based learning approach engages students, increases retention, and encourages lifelong learning.
