

Where Kids Love to Learn Music

Curricular Resources for Every Pedagogical Approach

Pre-K-8 comprehensive, fully digital music curriculum

Orff Resources

Discover Orff inspired lessons and resources that lead students through the process of musical imitation, exploration, improvisation, and composition.

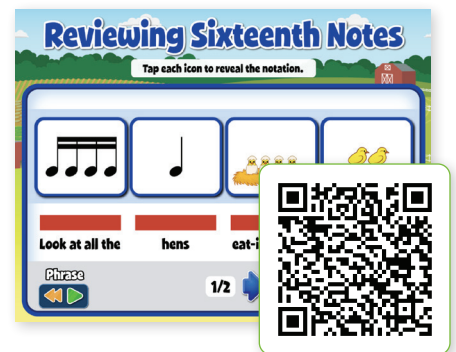

Each lesson uses hands-on tools to engage students in creative expression and musical understanding.

Kodály Resources

Explore our Kodály inspired lessons and resources. Find rhythm, meter, melody, and more through folk music and singing games.

Discover musical concepts using interactive tools that feature solfège, hand signs, rhythm syllables, and iconic and standard notation.

Curricular Resources for Every Pedagogical Approach

Our Music Learning Theory inspired lessons develop strong musicians by introducing songs in various tonalities.

Activities using tonal and rhythmic patterns are designed to support students' audiation and musical understanding.

Introducing: Dalcroze!

QuaverMusic brings music education to life through rhythmic movement, active listening, and more.

Students can experience hands-on music literacy through a variety of movement games and interactive tools.
