# Curriculum and Assessment: One Integrated Solution

QuaverReady's Skills Survey tool empowers educators to make informed, data-driven decisions. Educators and school counselors can assess, measure, and evaluate students' unique needs according to their core competency skill levels.

Our user-friendly dashboard offers assessments, reporting, and recommended instruction.

## Assess with Confidence

Our Skills Survey includes 25 statements measuring the five core competencies. Rubrics are provided for assessing each statement.

### View Assessment Data

Various reporting tools provide insight into survey results. View data at the class or student level to identify areas of growth and opportunity.

Developing a school-wide data-driven plan with targeted goals can have a positive impact on school climate and culture.

## Provide Targeted Instruction

Based on percentages in each student or class report, specific QuaverReady lessons and interventions are suggested to address the needed growth areas.
